

**Forward Air**<sup>TM</sup>

**We've Moved!**  
**MFE McAllen**

**NOW LOCATED INSIDE the  
FOREIGN TRADE ZONE (FTZ)!**

Doubled Capacity

• More Doors

■ Enhanced Security

**Forward Air McAllen (MFE) has moved to a new location** that offers our customers nearly 20,000 square feet of warehouse capacity - much larger than our previous facility. The new station includes 8 doors designed to decrease wait times and to accelerate tender and recovery turnaround for time sensitive shipments. The MFE building supplies top-notch security involving 24 hour DVR monitoring, a gated entryway, and security checkpoints for maximum, round-the-clock freight protection.

Forward Air McAllen offers delivery within two-three days to the majority of US airports and provides reliable service from coast to coast to more cities than other providers. In addition to MFE you can reach major cities throughout the country from **Eight Forward Air Texas Terminals**: AUS, CRP, DFW, ELP, IAH, LRD & SAT making Forward Air one of the *biggest players in Texas!*

Please contact the MFE Manager, (Ariel de la Fuente) at (956) 682-0825 or your local sales manager in your city for more information about the new facility and Forward Air services.

For fast quotes, tracking, booking and full MFE service schedules, visit **ForwardAir.com** today.
